

Las Palmas Grand Neighborhood Watch Program

A Collaboration of Las Palmas Grand residents, the LPG Residents' Association,
Thesman Management and the Mesa Police Department

The LPG Neighborhood Watch will:

- Help improve safety and security by increasing crime and safety awareness.
- Encourage residents to work together to address safety and security issues and concerns.
- Promote a caring community to reduce the opportunities for crime by promoting safety, security, communication and community spirit.
- Educate residents about safety and security measures to decrease crime opportunities.
- Encourage residents to promptly report any crime or suspicious activity directly to Mesa Police: **Mesa Police Non-emergency phone 480-644-2211 #2**, and any observed crime in progress to **911**, and keep their Street Captains informed as needed.

LPG Street Captains will:

- Maintain resident information list by identifying and attempting to contact each resident in assigned street sections of 4-15 homes each.
- Be aware of new safety or security concerns or issues in assigned section. **Citizens participating in the Neighborhood Watch Program should never attempt to apprehend a suspect. That is the job of law enforcement.**
- Help and encourage neighbors to report suspicious or criminal activity to Mesa Police and LPG Community Coordinator as needed.
- Communicate safety and security events through the LPG Neighborhood Watch Street Captains and Caretakers Communication Trees.
- Educate neighbors to maintain Home and Vehicle Security, and use www.Foundrop.com for household inventory
- Greet new residents in assigned section and orient to Neighborhood Watch
- Attend scheduled Street Captain meetings and/or Neighborhood Watch Committee monthly meetings as needed
- ⊖ Participate in two Neighborhood Watch Program meetings or events each year (includes LPG Resident Association meetings, monthly Potlucks, and other information sharing events), and any neighborhood section meetings.
- Maintain and report attendance record for any neighborhood section meetings, and submit to LPG Community Coordinator
