**1. How long have you been a homeowner?**

On Sep 1, 2022, it will be 5 years since we moved in.

**2. What are the two strongest skills you would bring to the Board?**

Honesty is a trait that every position needs. I have been and will continue to be honest when asked questions or responding to a complaint form, weather the answer is positive or negative. Good communication is based on honesty.

Open Mindedness I have found to be very helpful and needed in being on the board. I need to look at problems and issues from other points of view besides my own. I have been on various committees and teams when I was working and having an open mind brings about positive change quicker.

**3. Why do you want to serve on the Board?**

I've served on the board for 2 years and feel like I have gained a tremendous insight into how LPGRA operates and how to build a strong cohesive relationship with management. I would like to continue being on the board to bring about more positive change to our community. I find it a privilege to serve our community in this way.

**4. Are you willing to commit the time necessary to accomplish Board tasks?**

Yes, I am committed to the time and energy it takes to be on the board and the various committees that one must chair. I am retired and I don't mind spending the time it takes to be an active participant on the board. It is a fulfilling job as I see accomplishments that the board has achieved.

**5. Are you willing to stand for election for a term of two-years in November?**

Yes, I am willing to commit to this responsibility for the next two years, which includes general and board meetings. other meetings as required and events that support our community. It takes prep work to serve on the board of which I am very willing to do. I found the last two years to have flown by.
