July 2, 2026

CALL TO ORDER at 9:30 AM

Attendance: 32

PLEDGE OF ALLEGIANCE

INTRODUCTION OF BOARD MEMBERS
President – Donna Provost
1st Vice President – Peggy Marcone
2nd Vice President - Ted Johnston (Excused absence)
Treasurer - Cheryl Jorban
Secretary - LuAnn Cameron

Guests: Glen Heppard-VP of Thesman Operations; Doug, Head of Maintenance

MINUTES OF 6/4/26 GENERAL MEETING – Donna Provost

ACTION: Motion made, seconded and approved as written

TREASURER'S REPORT: Cheryl Jorban

- Recycling down a bit from last month, but a couple hundred higher in budget as compared to last year.

Beginning Balance as of 6/1/26:		$2,166.06
Deposits		
50/50 for May:	$37.00	
June Recycle:	$145.40	
Total Deposits:		$182.40
Expenses		
Donuts for 5/7 meeting:	$35.97	
Webmaster Update:	$120.00	
Recycle Trash Bags:	$49.99	
Total Expenses:		$205.96
Ending Balance as of 6/30/26:		$2,142.50

ACTION: Motion made, seconded, and approved as written

OPEN ITEMS

- Received a concern that there is one functional speaker in the pool area.

ACTION: Maintenance checked pool area on Thursday, 6/25. All speakers except for one (by east gate) are working. Reminder to have correct information before reporting. This type of concern should be reported to the office rather than to the

RA Board. If all but one of the speakers were not working, we would want to take care of that now instead of waiting for the Board meeting a month later.

- Residents get notified when weeds in yard, but there are so many in the community property.

  ACTION: Agreed. And we work on upkeep every day. We're asking for the residents to keep up their yards also as we all need to work together to keep our community looking good.

- Chairs in pool area look awful.

  ACTION: We've been having a difficult time trying to find similar material (in color, in durability, and to the satisfaction of our owner). Just re-slung 15 chairs. It's an ongoing issue; order from same company. Keep about 40 chairs in stock when we need them; that is for all Thesman properties. Want them looking nice; use towels which helps protect chairs. If you see chairs that need repair, let them know.

- Leak underground in the dog park. No notification about the hole. A tiny dog could have fallen into it. Doug was informed of the situation, but it took weeks to get fixed.

  ACTION: The fact that there is a hole with cones around it (as you would see in any city park or business) should be notification enough. Doug scheduled a contractor to repair as soon as he knew of the situation. As you should know (and we have previously talked about), we work on the contractor's schedule – they don't work on ours – and some projects may take longer than others. We have two dog parks – perhaps using the other one would've been a logical solution for this person.

- Weeds coming up through cracks in sidewalks and throughout grass and flower beds. Can gravel be added to the flower/plant beds?

  ACTION: This is in our budget and will be addressed later in the year. Glen mentioned that all Thesman properties equal about 147 acres that are being taken care of. Never going to be totally weed free. If he had a larger staff, it would be easier, but costs would go up. Maintenance had gotten away from using pre-emergent, but now will start using twice a year. Already have equipment and product. Will be used in the rock area, both internal and around outside of community. Pre-emergent will not be used in the flower beds. Resident mentioned that they have lived here 10 years and this past year has been the worst. Glen said it's the heat. It's not due to lack of watering. Will also rock the spicket area near the bus parking area. They have had a hard time keeping staff; it's a hard job market. Long term staff does improve work.

- Entrance area looks terrible and is very dark.

  ACTION: Glen agrees, and this is high on their priority list. They will be addressing.

- Pool: Caulking is very bad; sleeves on handrails are bad. They will slide down. The main one, the middle is down so far that the metal is exposed and someone may burn their hand. Also, a lot of ants in the pool area.

ACTION: Paul indicated that those sleeves are replaced twice a year. Been looking at ways to keep from sliding down. On video, where people have pulled and picked at the caulking. Will check into ant issue.

- Doors locked in the construction office; would it be possible to have a closed sign.

  ACTION: Paul will talk with Sylvia about that.

- Fountains and pool should be kept impeccable! Highlight of the community.

  ACTION: Glen agreed – they are our highlight! That's why the maintenance team spends many hours taking care of them each morning! And, because of that attention, they are always impeccable! If they're not working, it is a concern to management. We do everything we can, but some things are out of their control. Plumbing and electrical before pump replacement. Trying to find a quick decision and spending money appropriately. Will go through warranty if there is one.

- Poor communication from management.

  ACTION: Residents need to understand that things break down. We operate different than most places. We are open 7 days a week, 8 hours a day. Will get answers to others. Glen stated that he is always welcome to hear resident concerns. And residents should feel free to bring maintenance issues to him or the front desk.

- No area code on the entrance sign. Residents that are not from Arizona do not know the area code.

  ACTION: Thank you for pointing that out. Glen was well aware of this, but it's very low on their priority list. Feel people can google. If sign is ever updated, will probably put a QRC code and take the phone number off.

Residents expressed their appreciation to Glen and Doug for coming to this meeting. Feel that communication is what's needed. Glen mentioned that if an issue affects everyone, will try to send note out to all residents. Glen said that 30% of residents have blocked their emails/texts.

FUNDRAISING:

- HundredX Causes: Cheryl submitted application for implementation in September. This is a survey that can be done electronically. This is a community thing, anyone can do it. Want to be sure to get information out to residents that don't attend RA meetings. Cheryl will work with Nancy on training. Cannot put information in the paper; that's just for Thesman community.
- Resident Association Patio Sale. LuAnn presented the idea of having an RA patio sale as a fundraiser. The next LPG community patio sale is scheduled for November 7. Residents will bring items to donate. Any items not sold, will be given to a non-profit. More information will be forthcoming.

MISCELLANEOUS:

- Having issues with the webmaster, so we're looking for someone who knows anything about IT or the web? Please let Donna know if you have someone interested.
- Resident asked if picture could be added to comment form that is on the web.
  ACTION: Donna will check into this.

- Peggy expressed her appreciation of all the eye glasses and hearing aids that have been collected and given to the Lions Club.

NEXT MEETING: August 6, 2026 – In the CARD ROOM

MOTION TO ADJOURN: 10:30 AM

Respectfully submitted,

LuAnn Cameron
